

REPORT A NOTIFIABLE CONDITION

Below is a complete list of notifiable conditions in Washington State. If you suspect that you or someone else you know has a notifiable condition, please contact your health care provider.

In accordance with the Washington law (www.doh.wa.gov/notify/other/legal.htm), public health and health care professionals should report notifiable conditions to the local health jurisdiction in the county of the patient's residence. Disease reporting telephone numbers are provided below.

If no one is available at the Local Health Jurisdiction and a condition is immediately notifiable, please call the Department of Health 24-hour reporting line: **1-877-539-4344**.
